

Welcome to the **Children's Choir**, 2011-2012 Season!

I am very glad you are interested in this group of young singers. St. Joseph's Children's Choir is best suited for boys and girls in grades 2-6, however younger children may attend particularly if they show the desire to sing or if their older sibling sings in our choir already.

It is my intention to help children in the development of their young voices and to give them some basic understanding of music fundamentals. All of that, interspersed with musical activities, games and plenty of laughter makes for a very enjoyable and quick 30 minutes practice every other Tuesday. Please see the detailed schedule of rehearsals.

I invite all our young singers, to another year of singing joyful praise to the Lord.

God Bless You,

Leszek Bartkiewicz
