

Welcome Contemporary Group!

The Contemporary Group sings the 10:45 am Sunday Liturgies, October through the end of May, with practices every other Tuesday. Smaller in size than the Adult Choir, this vocal ensemble strives to bring a more contemporary flair to the music, drawing inspiration from various musical styles, including Christian pop and worship.

Our music is often performed in parts and would satisfy an experienced and skilled singer. There is room however for a “melody only” singer as well. Give it a thought; you may be interested in joining and singing with us. If you play an instrument, guitar or drums in particular, let me hear from you.

I welcome back our returning, long time members of this fine group and look forward to 2011-2012 Season.

Thank you,

Leszek
