

St. Joseph School

Technology & Internet Acceptable Use Policy Grades K – 3

The students at St. Joseph School have the opportunity to use the Internet as well as our technology equipment. With this privilege comes responsibilities. Please read and review the following guidelines.

1. I will treat all computer equipment with respect and proper care.
2. I will login only with my own user name.
3. In order to prevent spreading viruses, I will not use diskettes.
4. I will obey all copyright laws.
5. I will use the computers, printers and Internet for school-related projects and research only.
6. I understand that there are areas on the Internet that are NOT for children and I will not access them. If I accidentally get into the wrong area, I will tell my teacher.
7. I will not give out any information on the Internet about myself or others.
8. I understand that if I, or a teacher, wish to post any of my work on an Internet site, St. Joseph School must first receive written permission from my parent (guardian).
